About us

Who we are

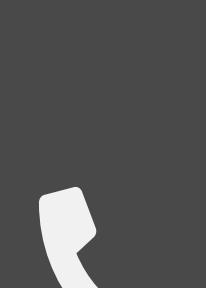

Homedroid Technologies Private Limited is incorporated under the Companies Act 2013, Govt. of India. Homedroid Technologies is a venture that is formed with an ultimate motive to automate and secure every premise of the nation by embedding the integrated Homedroid system. It lays the foundation of a system that takes care of the security of a premise in absence of human being and automate the electronic devices of home and industry as well. The automation includes the wireless operating of existing electronic devices as well as development of new embedded devices that can make life easier and comfortable.
